JOY

A feeling of great pleasure and happiness caused by something exceptionally good or satisfying; triumph, rejoicing, elation, bliss. This definition of the word JOY expresses what we see and hear during the holiday season. Sadly though, there are many families who are not experiencing joy but are faced with the realization that their child is battling an illness that could take their life.

Our mission at JK Believe in Miracles is to create JOY for a child who is suffering - to remind children and their families that they are not alone but are supported by you.

Please consider us this year in your charitable giving. Know that your monetary donation allows us to give the gift of JOY for those that need it most. We are very grateful for your ongoing support and ask that you please keep this organization and the children that we serve in your prayers.

May God Bless You this Holiday Season!

Victory, Remission & Happiness for Caroline

After beating cancer twice, 17 year old Caroline from Troy enjoyed a very special week long trip to California visiting many sites and making special memories with her family.

"We know this foundation was created because you want kids who suffer traumatic experiences to have something to look forward to. You did just that for our daughter Caroline, who suffered and beat Classic Hodgkin Lymphoma not once, but twice! We are forever grateful! This picture depicts VICTORY, REMISSION AND HAPPINESS! Thank you from the bottom of our hearts!" ~Caroline's mom

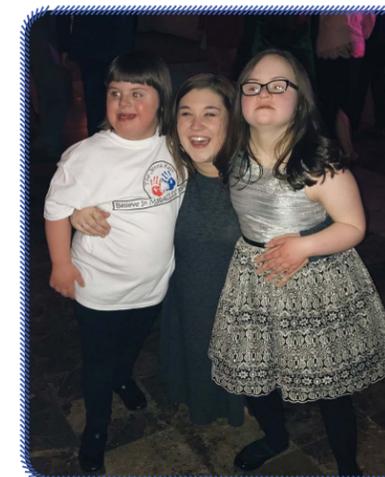

"Words cannot even describe how wonderful our vacation was."
